HOW TO BUY?

NAV-X Credit Card can be added to your Client's license by adding the granule in Partner Source.

Enter new credit cards easily. Once entered, the credit card information is tokenized and securely stored on the gateway

Easily split payments for one transaction over multiple credit cards.

Provide all customers the ability to pay invoices via credit cards through an online portal.

ABOUT NAV-X LLC

NAV-X, with its roots deep in the rich history of Microsoft Dynamics NAV in the North American market, is a publisher of functionality commonly required by distribution and manufacturing businesses, but unavailable in native NAV. Since 1996, our team has been developing this functionality and built a codex of Best Practice solutions. These solutions provide our partners and their clients with reliable and repeatable competitive advantages.
